

Data protection

This Privacy Policy describes how your personal information is collected, used, and shared when you use or purchase from the Site. When you visit the Site, we automatically collect certain information about your device, including information about your web browser, IP address, time zone, and some of the cookies installed on your device.

In addition, as you browse the Site, we collect information about the individual web pages or products you visit, the websites or search terms that brought you to the Site, and information about how you interact with the Site.

We refer to this automatically collected information as "Device Information." We collect device information using the following technologies:

"Cookies" are data files that are stored on a device or computer and often contain an anonymous unique identifier. For more information about cookies and how to disable them, see section <https://www.allaboutcookies.org>.

"Log files" record actions on the Site and collect information such as IP address, browser type, Internet service provider, referring/exit pages, and timestamps. "Web beacons," "tags," and "pixels" are electronic files used to collect information about how you navigate the Site.

In addition, when you purchase or attempt to make a purchase on the Site, we collect certain information about you. This includes name, billing address, shipping address, payment information (including credit card or PayPal numbers), email address, and phone number.

We refer to this information as "Order Information". Your personal data is stored on secure networks and is only accessible to a limited number of persons who have special rights of access to these systems and are required to keep the information confidential. In addition, all sensitive/credit information you provide is encrypted using PayPal's Secure Socket Layer (SSL) technology. Security protocols: PayPal uses security protocols such as Transport Layer Security (TLS) and Secure Sockets Layer (SSL) to encrypt communications between users and their servers. These logs protect confidential information such as financial data and personal information from unauthorized access.

We implement a variety of security measures when you place an order, enter, transmit, or access information to ensure the safety of your personal information. All transactions are processed by a gateway provider and are not stored or processed on our servers. When you make a purchase or attempt to make a purchase on the Site, we also collect certain information about you.

This includes:

- Name, billing address
- Payment information, including credit card numbers, PayPal email address
- Phone number

We refer to this information as order information.

By "personal information" in this Privacy Policy, we mean both Device Information and Order Information.
